Work Experience

Greenhouse Farm Worker - Da Lat Fresh Produce Farm, Lam Dong, Vietnam

Mar 2021 - Present

- Cultivate tomatoes, lettuce, bell peppers, cucumbers, and flowers in controlled greenhouse conditions.
- Monitor drip irrigation lines, remove damaged leaves, and support daily crop inspection routines.
- Harvest, grade, and pack produce for local market distribution while following quality standards.
- Keep greenhouse paths, trays, tools, and packing areas clean and organized.

Agriculture Laborer - Hoa Binh Flower Farm, Da Lat, Vietnam

Jan 2018 - Feb 2021

- Supported flower planting, watering, pruning, and harvesting during high-demand seasons.
- Prepared seedling trays, mixed soil media, and assisted senior workers with plant care tasks.
- Packed flowers carefully to minimize damage during transport.

Relevant Farm Projects

- Participated in a greenhouse crop rotation plan for lettuce and tomato production.
- Helped improve packing quality by separating damaged vegetables before shipment.
